

## José Díaz

### Senior Consultant

Jose is a Senior Consultant with more than 10 years of experience in banking, finance, and economics. Over the past 7 years, he has assisted clients in the areas of valuation, International Arbitration consulting, economic analysis, and finance, with an emphasis on valuation of businesses and economic damages in litigation proceedings.

His consulting activities center on creating and analyzing large and complex datasets as well as designing and implementing valuation models. He has consulted on a variety of cases involving discounted cash flow (DCF) analysis, market-based valuations, Monte Carlo simulation analysis, and macroeconomic analysis.

Mr. Diaz's experience covers the valuation of damages in North America, Latin America, Europe, and the Middle East. He has collaborated in cases involving various industries including oil & renewable energy, private equity, telecommunications, mining and transportation. His services have included the examination of economic damages and support to economic expert testimony in international investment and commercial arbitration proceedings under the rules of the International Centre for Settlement of Investment Disputes (ICSID), the International Chamber of Commerce (ICC), The London Court of International Arbitration (LCIA), and the United Nations Commission on International Trade Law (UNCITRAL).

Mr. Diaz has a master's degree in Economics from New York University, and a bachelor's degree in Economics from Universidad Anahuac. He is a native Spanish speaker and is fluent in English.
